Tim (Tumur Bazarragchaa) | Authorized to work in the U.S.

Walnut Creek, CA | HireTimSF@gmail.com | HireTimSF.com

EXPERIENCE

Android Developer | Self Employed | Walnut Creek CA | 10/2025 - Present

- Developed the Mongolian Sign Language Dictionary app with interactive lessons and the EasyRunMusic app to find and share running tracks, featuring AI that recommends similar tracks based on a runner's favorite music.

Frontend Developer | Self Employed | Hayward, CA | 01/2023 - 10/2025

Developed modern full-stack web applications focused on performance and usability.

- **Full-Stack Blog App (Next.js & Supabase):** Created an open-source blog app with features like an admin panel, image uploads, search, pagination, and comments. Earned 450+ GitHub stars.
- **Portfolio Websites (Next.js):** Designed and developed three responsive portfolio sites with modern design, animations, and SEO optimization.
